Editorial....

The JKLU Newsletter editorial team presents it's Eighth issue of Pratibimb: JKLU Newsletter. This edition of Pratibimb provides an exhaustive insight into the events and happening of the first half of the Academic Year 2014-15 corresponding to the months of July to December, 2014.

The start of the Academic Year was special in respect that a change of guard at the very top took place at the University. Dr. Upinder Dhar, Founder Vice Chancellor of JKLU bid adieu to the University after a checkered innings. He was given a tearful farewell by the faculty and staff members in end-July. However, there was euphoria in a short time with the joining of Dr. Devi Singh as the new Vice Chancellor in mid-September, 2014. Dr. Singh has had an illustrious career so far, having done his doctorate from IIM Ahmedabad, been Director of MDI Gurgaon and most recently, completed over 10 years as Director at IIM Lucknow. He was welcomed with a great enthusiasm.

A large number of activities were held during the reporting period. Prominent amongst them was the Third International Conference on Growth Globalization and Governance: Promises and Challenges 2025 and Beyond, the first ever Doctoral Conference – SHODH 2014 and Induction of the new 2014 Batch of students.

A number of academic events, viz. Praktikum 2014, HR Summit, India Intelligence Contest and a large number of workshops, symposiums and seminars were organized during the period. Extra Mural lectures were organized on "Financial Literacy and Banking Products" and "Current Trends in Networking". Webcast of an Extra Mural Lecture by Prof. Wayne Brockbank, University of Michigan, USA from FICCI Auditorium, New Delhi was arranged in JKLU Campus.

A number of technology oriented seminars and workshops were organized on the topics such as: Recent Trends in Web Technologies, Bridge Design, Industrial Automation, Fabrication and Testing, Oracle 11g, Computational Fluid Dynamics, Game Development, Design Technologies, Android Mobile Application

Development, Mobile Computing, etc. JKLUites were honoured to have a number of visits by eminent foreign university Professors to the campus who interacted with the faculty and students and provided their valuable guidance. Amongst them were Dr. Easwar Iyer, Professor of Marketing from University of Massachusetts, USA and Prof. Dr. Bruce E Seely, Michigan Technological University, USA. Industrial Visits were arranged to Ericsson, Jaipur; Mahindra World City, Jaipur; 220KV Grid Substation, Jaipur and JK Lakshmi Cement, Sirohi.

Career Guidance Seminars were held at various places by JKLU faculty. The Culfest of JKLU – SABRANG 2014 was celebrated with great pomp and show. JKLUites made their presence felt in the sports arena by participating at BITS-Pilani's sports fest – BOSM-2014. Various 'Days' such as Independence Day, Teacher's Day, Fresher's Day, Engineers Day, Vishwakarma Jayanti, etc. were celebrated with great vigor and vivacity.

The faculty of the University made their presence felt both national and internationally. A number of Research Papers were presented by faculty members in India and also abroad in places such as Hongkong, Singapore and Australia. The faculty from both engineering and management engaged themselves in research and related activities besides the teaching duty. A number of peer reviewed research papers, articles, books, monographs, editorials, book reviews, case studies, etc. were published during the said period. The faculty also attended national and international conferences, workshops and seminars and contributed towards the augmentation of knowledge in various fields of study.

WELCOME TO THE NEW VICE CHANCELLOR – DR. DEVI SINGH

Dr. Devi Singh, Vice Chancellor, JK Lakshmipat University, is recognized as one of the top Academic Leaders in India who have created and transformed Institutions of higher learning. A well-known Professor in the area of International Finance & Management, Dr. Singh served as Director, IIM-Lucknow, for ten years and Director, Management Development Institute (MDI), Gurgaon for four and half years. He has worked as Visiting Full Professor at the Faculty of Management, McGill University, Canada for five years. He has been a Ford Foundation and UNDP Fellow (International Management Education). He has been a visiting faculty at the International Centre for Public Enterprises, Slovenia, ESCP Europe, SKK Graduate School of Business, Seoul, and Kelly School of Business, Indiana. Dr. Singh holds Ph.D. in International Finance from Indian Institute of Management, Ahmedabad (1984).

Dr. Singh is author of three books in Finance and Management. He has been on several policy level Committees of Government of India, All India Council for Technical Education, PHD Chamber of Commerce & Industry (PHDCCI), Standing Committee on Public Enterprises (SCOPE) and All India Management Association (AIMA). Dr. Singh has served as Member on the RBI's Appointments Board for two years (2011-12). Dr. Singh was on the Board of India Fulbright for two years (2005-07). He has received several awards including ISTE National Fellow (2007), UP Ratan (2008), Best Director of a Business School (1999), Ravi J Mathai Fellow (2013), and Bharat Ashmita Award (2013).

AWARDS, HONORS AND ACHIEVEMENTS

Productivity Excellence Award 2011-12 to JKLU

JK Lakshmipat University was awarded with 'Productivity Excellence Award 2011-2012 by Her Excellency Smt. Margaret Alva, Hon'ble Governor of Rajasthan in a function organized by Rajasthan State Productivity Council at Rajasthan Chamber of Commerce, Jaipur on June 24, 2014. The award was conferred on the University in testimony of its Sustainable Achievements in Productivity. The Governor appreciated the efforts made by the University in such a short period of time and congratulated it on winning the award.

DEFINING MOMENTS

3rd International Conference on Growth Globalization and Governance: Promises and Challenges 2025 and Beyond

Institute of Management, JK LakshmiPat University, Jaipur organized its 3rd International Conference on Growth, Globalisation & Governance: Promises and Challenges 2025 and Beyond during December 19-21, 2014. The Conference was organized in association with St. Cloud State University, USA.

The Guests on the Dias – Inaugural of 3G Conference

Dr. B.D. Mundhra, Chairman & MD, Simplex Infrastructures Ltd. inaugurated the Conference on December 19, 2014 as the Chief Guest and Keynote speaker. In his address, he threw light upon the significance of being rooted in one's own ethos and culture. Citing examples of forecasts made by great seers of ancient India, Dr. Mundhra reiterated that situation is not as gloomy as it appears and innovative ways will certainly emerge in future that will lead us from starvation to prosperity.

He also emphasized upon the role of technological advancements and innovative approaches in providing solutions to many of the global problems. Dr. Mundhra asserted that we need indigenously developed technology that suits our conditions and it is innovation, not capital, that generates growth.

Dr. Daniel Gregory delivering talk in 3G International Conference

Dr. Devi Singh, Vice Chancellor, JKLU and Conference Patron delivered the welcome address. In his address, he highlighted the relevance of the conference theme and shared that the world has witnessed higher growth during the post globalization era. He further added that the daunting challenge standing before us is to protect ourselves from the economic turmoil occurring in the other parts of the world.

Dr. S.K. Majumdar, Director-IM, JKLU and Conference Chair highlighted the purpose of organizing the Conference. He shared various statistics that brought to the fore the fundamental issues that we are going to face in 2025 and beyond. These issues were in the realms of housing, food, air, water, health and sanitation, education etc. He urged all to think globally and act locally.

Panel Discussion in 3G International Conference

Dr. Dan Gregory, Professor, St Cloud State University, USA and Conference Co-Chair characterized growth as a complex phenomenon that means different things to different people. He further stated that globalization has increased this complexity by blurring the national and cultural boundaries.

Dr. Anupam Kumar Singh, Director, IET, JKLU and Conference Co-Chair stated that growth is the result of good governance. He also that growth when coupled with good governance can lead to higher investment, better infrastructure, reduced poverty and better quality of life.

An edited book titled Growth, Globalization & Governance: Promises & Challenges was also released during the inaugural ceremony of the conference. The book contained 29 select peer reviewed articles on the

theme of the conference.

During both days of the conference 180 participants took part in the conference including 46 paper presenters, and 134 faculty members and students of various colleges and institutes. 34 papers of delegates from different parts of the country and abroad were presented during the Conference. Paper presenters were from The Papua New Guinea University of Technology, Papua New Guinea; Auckland Institute of Studies, New Zealand; Symbiosis International University, Pune; Symbiosis Center for Management, Pune Birla Institute of Technology and Science, Pilani; Vadodara Institute of Engineering, Vadodara; AIMA, New Delhi; MDS University, Ajmer; Tripura University, Tripura; Utkal University, Bhubaneswar; Ansal University, Gurgaon; CIM&R, Mumbai; College of Engineering, Patiala; Jamia Milia Islamia, New Delhi; GH Raison of IT & Mgt., Jalgaon; KCES's College of Engineering & IT, Jalgaon; Indian Institute of Learning & Advanced Development, Gurgaon; Gitarattan International Business School, New Delhi; Nagpur University, Nagpur; Central University of Rajasthan, Kishangarh; Government College, Ajmer; IIS University, Jaipur; St. Xavier's College, Jaipur; IIHMR, Jaipur; Jagannath University, Jaipur; and JK Lakshmipat University, Jaipur.

Welcome of Dr. Ben Baliga by Dr. Swapan Majumdar

Participants were from St. Xavier's College, Jaipur; Institute of Rural Management, Jaipur; Maharishi Arvind Institute of Engineering & Technology, Jaipur; Stani memorial P.G. College, Jaipur; Parsihkar College of Global Excellence, Jaipur; Maharani Girls Engineering College, Jaipur; Subodh College, Jaipur; Global Institute of Technology, Jaipur; Jaipuria Institute of Management, Jaipur; Maharaja College, Jaipur; Amity University, Jaipur; Rajasthan University, Jaipur; and JK Lakshmipat University, Jaipur.

The Conference also showcased two panel discussions on the themes Growth, Globalization and Governance: Issues and Challenges and Towards Greener and Fairer World: Issues of Governance and Corporate Citizenship. Panelists from academia and industry alike participated in these discussions. Some of the panel members included Dr. R. Giridharan, Reserve Bank of India; Mr. Bhagwan Lal Soni, Additional DGP & Director, Rajasthan Police Academy, Jaipur; Dr. Dan Gregory, Professor, St. Cloud State University, USA; Dr. S.S. Somra, Deputy Director, SSRC and Vice Principal, University Maharaja College, Jaipur; Dr. Ben Baliga, Professor, St. Cloud State University, USA; Mr. Dilip Pithadia, Chairman, Pithadia Foundation, Detroit, USA; Mr. D. P. Somani, MD, Wonder Cement; Dr. Pankaj Prabhat, Director, Jaipuria Institute of Management, Jaipur.

Best Paper Award, 3G Technical Session-1

Padmashri Swapan Guha, Chairman, Hopewell Ceramics Pvt. Ltd. was the Chief Guest during the Valedictory ceremony of the Conference on December 20, 2014. Best Paper Award for 3 Technical sessions were awarded to the winner with a plaque, certificate and Cheque of Rs. 10,000/- for each technical session. Dr. Sheetal Mundra from JK Lakshmipat University was the winner for Technical Session 1, Dr. Komal from Vadodara Institute of Engineering, Vadodara was the winner for Technical Session 2, and Ms. Sabiha Fazal bhoj from Symbiosis Center for Management, Pune was the winner for Technical Session 3.

The Conference was coordinated by Dr. Sheetal Mundra, Dr. Punam Mishra and Prof. Lokanath Mishra, faculty members of the University under the guidance of Conference Patron- Dr. Devi Singh- Vice Chancellor, JK Lakshmipat University, Jaipur; and Conference Chair- Dr. S.K. Majumdar, Director, Institute of Management, JK Lakshmipat University, Jaipur.

Doctoral Conference “SHODH 2014”

Saraswati Vandana in inaugural ceremony of SHODH-2014

JK LakshmiPat University organized its first doctoral conference titled “SHODH 2014” on July 5, 2014. Conference Patron was Hon’ble Vice Chancellor Dr. Upinder Dhar, Conference was coordinated by Dr. Santosh Dhar and Co-chaired by Dr. Sonal Jain. The University received 36 papers. Received Papers were divided into three major categories, Management, Engineering and Humanities. 20 papers were received in Management category, 13 papers were received in Engineering & Sciences category and 3 papers were received in humanities category.

Release of Monograph, Shodh-Darpan 2014

The conference was inaugurated by Hon’ble Vice Chancellor with lighting of the holy lamp and invoking blessings of Goddess Saraswati. Dr. Upinder Dhar delivered the welcome address. In his address, he highlighted the importance of research and mentioned that research is ongoing process, getting degree for promotion shall not be considered as main aim by research scholars but it should be pursued with passion. Dr. Santosh Dhar, Dean, Doctoral Studies & Research and Conference Chair, in her opening remarks

introduced the conference to the gathering and highlighted the need for providing such platforms to the doctoral students.

Dr. Anupam Singh, Director-IET highlighted the need for conducting quality research. He suggested that research should be practical oriented and should not be confined to theory. He further emphasized on significance of collaborations in research.

Inaugural address was followed by release of Monograph, a selected collection of papers presented in SHODH-2013 and Souvenir, SARANSH-2014, collection of abstracts.

The inaugural ceremony concluded with Dr. Sonal Jain, Faculty-IET, JKLU, proposing the vote of thanks. The Master of the Ceremony was Ms. Namrata Jain, Research Scholar, JKLU.

Inaugural ceremony was followed by presentation of papers by research scholars in Concurrent sessions. 8 papers were presented in Management category, 9 papers were presented in Engineering category and 2 in Humanities category with two papers presented through video conferencing.

Management Session was chaired by Dr. N.D. Mathur, Professor, Department of Commerce, University of Rajasthan. 8 papers were presented during the session.

Participants of SHODH-2014

Two papers were presented in humanities category. The brief themes of the presentations were a critical discourse analysis of an inspirational speech delivered by the business tycoon Narayan Murthy at the Lal Bahadur Institute of Management and Showcasing of the transformation in the lives of women characters through free will as a step to attain self-fulfillment and

to emphasize faith in human potentials to strive and struggle against the forces of determinism.

Engineering & Sciences session was chaired by Dr. Kusum Gupta, Associate Professor & Head, Department of Computer Science, Banasthali University, Jaipur. 9 papers were presented during the session.

In the Valedictory session, Namrata Jain, Research Scholar, JKLU presented the report of the Conference. Dr. Upinder Dhar, Vice Chancellor of the University and Conference Patron congratulated all the participants of the conference for being part of its grand success. Certificate of Presentation were distributed to the participants. The full day doctoral conference ended with Vote of Thanks proposed by Dr. Santosh Dhar, Conference Chair.

Invocation And Induction Of 2014 Batch

An Invocation and Induction Programme for the entrants of new batch of the University was organized during July 21-23, 2014. In the first half of July 21, students registered themselves in their respective institutes and branches.

Invocation & Induction of JKLU-2014 Batch

In the second half an Invocation ceremony was organized for the students of the new batches of different programmes, viz., MBA (FT), BBA+MBA (Integrated), B.Com (Hons)+MBA & B.Tech., B.Tech+MBA and M.Tech. Programmes. The invocation of started with welcoming the new students. Dr. Sanjay Kumar, the Master of Ceremony, briefed the gathering about the purpose of the programme which was to introduce and orient students to the vision, academic system and the facilities at the University. The programme formally started with an invocation of Saraswati, the goddess of learning by lighting the lamp and everyone in the audience standing up to the

Saraswati Vandana.

This was followed by a Video presentation About JKLU. This short film introduced the University's mission, vision, values, facilities, activities, MoUs and future plans to the new members of JKLU family.

Following this, each of the students was invited to the dais for a brief introduction. Amidst resounding round of applause, all students introduced themselves to the audience. Each student was welcomed with a rose bud.

Welcome of JKLU-2014 Batch

Student introduction was followed by introduction of faculty members and release of Annual Magazine "Anveshna" by the dignitaries on the dais.

Dr. Swapan Kumar Majumdar, Director – IM addressed the students and shared that money in the bank and knowledge in the book are of no use if they are not available when needed. He assured parents for taking care of their wards. Dr. Anupam Kumar Singh, Director IET in his address guided students to follow high standard of professional ethics and stick to the values inculcated in them by the institution.

Extending a warm welcome in his address, Dr. Upinder Dhar, Hon'ble Vice Chancellor highlighted how quality education plays a crucial role for students in charting out a successful and goal-driven career. Bringing JKLU in view, the Vice Chancellor highlighted how the academically robust and culturally vibrant culture at the University is likely to help students explore their latent abilities and tap their dormant potentialities. He extended the acronym JKLU further by suggesting that each of the letters in the acronym of the University encapsulated a significant aspect of academic life such as journey, knowledge, learning and understanding and highlighted their importance for students in developing their vision, skill and expression during their course of studies at the University.

On this occasion, some of the parents accompanying new students to the University campus came forward and shared their sense of pride in having associated themselves with JKLU.

The invocation session ended with a vote of thanks by Col. S. Manohar (Retd), the officiating Registrar of the University.

After the ceremony, Prof. J P Sharma and Prof. Lokanath Misra escorted the students for a campus tour.

The second day started with a session on Students Activities and Clubs. The session was conducted by Dr. Punam Mishra, Faculty-IM and Dr. Shahnawaz Khan, Faculty-IET. They briefed the students about various activities which were held in the University in previous years and also sought suggestions from the new batch for organizing future events. The students were informed that JKLU is an activity driven institution and by participating into these activities the students have an opportunity to showcase their talent and to develop their personality. Mr. Gajendra Singh, Gymnasium Instructor also joined the session and briefed the students about the Gymnasium infrastructure and activities.

Felicitation of Dr. Saurabh Shekhawat, Trainer, Art of Living

The next session was conducted by Dr Upasana Singh of Institute of Management. Entitled Know Yourself, the session was introduced to help students discover themselves. The session started with an open discussion about what knowing oneself meant and its importance for students pursuing professional courses such as Management and Engineering. This discussion was followed by administration of skill assessment questionnaires. The assessment is based on various parameters such as communication skills, thinking and problem solving skills, teamwork skills, and personal management skills. The students get an opportunity to

be able to self-assess their strengths and weakness through the questionnaire.

The session before lunch on day two consisted of parallel sessions for IM and IET students. Dr. Amit Jain of Institute of Management discussed Corporate Expectations from Management Graduates for IM students while Dr. Umesh Gupta from Institute of Engineering and Technology brought into view Industry Expectations from Engineering Graduates for IET students.

Dr Amit Jain helped students realize how important it was to keep in mind the expectations of the corporate world that demands its incumbents to be effective from day one. Dr. Jain further brought to the fore the importance of positive attitude, time management, team building skills, problem solving skills, conflict management and verbal and non-verbal communication skills in attaining managerial effectiveness at the professional front.

In the interaction with IET students, Dr Umesh Gupta started the session by defining and specifying the meaning, nature and purpose of an engineer and explained how different engineering professionals would require specific skills to overcome the challenges in their respective fields. The talk was interactive and all the students showed their involvement with this topic of their interest in nature.

The post lunch sessions started with the parallel sessions for IM and IET students. Dr. Ashwini Sharma conducted a session on Handling Pressures at B-School for IM students. This session was aimed at giving an insight to the students into the subtleties of management education. The students were informed about how the teaching and learning process in management education focuses on domain knowledge – professional expertise and professional grooming. The parallel session for IET students was conducted by Dr Vipin Jain on Do's and Don'ts in Labs. He introduced the students to various steps to be observed for using labs effectively and professionally.

A session on English Language and Communication Skills was conducted by Dr. Sanjay Kumar. He introduced students to characteristic features of effective communication; acquainting them with the barriers to communication and suggesting ways to overcome such barriers. The last session of the day was on "Art of Living" delivered by Dr. Saurabh Shekhawat. Dr. Saurabh a Dentist by profession and a well-known youth trainer informed students regarding the various relaxation techniques and

suggested them to follow purposeful and goal oriented life.

The third day, i.e., July 23, 2014, started with a session on Examination Scheme and Regulations which was conducted by Col. S. Manohar (Retd). He briefed the students about the evaluation schemes and regulations for the academic programmes of the University. He also briefed them about discipline rules and attendance policy of the University.

The next two sessions were Hostel Rules and Regulations and Community Development. The session on Hostel Rules and Regulations was conducted by Dr. Ashwini Sharma and Dr. Sanjay Kumar, the Chief Warden of Hostels of JKLU. The students were briefed about the hostel policies and regulations that the students are required to follow during their stay in the campus.

The other session on Community Development was conducted by Professor Divanshu Jain. He briefed the students about the various community development activities held in the campus during previous years, like, Blood Donation camp, Joy of Giving week etc. He also motivated the students to participate in the activities to be held by the University in this session.

A session on Introduction to IT Resources was conducted by Prof. Devendra Bhavsar of Institute of Engineering and Technology and Mr. Vikrant Sharma. The session was meant to introduce the IT resources of the University to students. During the session, the students were briefed about the IT facilities such as WiFi Enabled Campus; Multimedia facilities in each class room; Availability of Video Lectures for Enhanced Learning, Video Conferencing Facility for Guest Lectures from Remote Locations and Availability of Licensed Software, etc at the University campus.

The next session was conducted by Mr Mukesh Pathak, Assistant Librarian on Introduction to Library resources of the University. During the session, students were

briefed about the facilities available in the University Library such as Online Journals and Periodicals; Corpus of Literature related to Management and Engineering; Library Automation and Digitization; Educational CDs, DVDs and other resources available in the Library.

The post-lunch session Micro Lab was conducted by Dr. Ashwini Sharma of Institute of Management. Micro-lab is an ice breaker, a technique used in the first session to overcome nervousness and develop amity within the group. Devised in a creative way by the faculty and enjoyed thoroughly by the students, the Micro-Lab helped students relax, get acquainted to each other and settle in a frame of mind conducive for learning.

The programme ended with two parallel sessions for IM and IET students. Session for IM students was conducted by Dr. Ashu Sharma of Institute of Management on Pedagogy & Teaching through Case Method. Dr. Ashu highlighted how through case methods, learning can be made all the more fruitful, engaging and worthwhile. She explained how in management studies cases are used as educational vehicles to give students an opportunity to put themselves in the decision maker's or problem solver's shoes.

The other session for IET students was conducted by Prof. Chandramohan Singh of Institute of Engineering and Technology. His session on Pedagogy and Curriculum was meant to introduce students to the key strengths of the education system at JKLU. In his talk, Prof. Chandramohan explained how the characteristic pedagogical features such as Semester System; Continuous and Manifold Internal Evaluation Process; Total Transparency in Terms of Grading; Return of Answer Books and Announcement of Results; Feedback on Each Evaluation Component etc. help student develop knowledge and skills on a continuous basis.

The three day long Invocation and Induction Programme ended successfully on the evening of July 23, 2014.

ACADEMIC ROUND UP

Visit of Dr. Easwar Iyer, UoM, USA

Dr. Easwar Iyer, Professor of Marketing from Isenberg School of Business, University of Massachusetts visited JKLU, Jaipur on August 23, 2014.

Dr. Easwar Iyer is the Professor and Head of Marketing of University of Massachusetts, USA. Dr. Iyer is an internationally acclaimed Professor of Marketing and

Strategy. He received his PhD from University of Pittsburgh, USA; PGDM in Marketing from Indian Institute of Management, Calcutta; B.Tech in Mechanical Engineering from Indian Institute of Technology, Madras. He has published many research papers in Marketing and Strategy. He has over 35 years of experience in research, teaching, consulting and executive training.

Dr. Easwer Iyer, Professor, University of Massachusetts delivering talk to Students

Dr. Iyer engaged a session on Research Techniques in Marketing for the students of MBA SEM I, BBA SEM I and B.COM+MBA SEM I Students in the morning and subsequently had an interactive session with the senior batches MBA SEM III, BBA SEM V and III. This was followed by an Interaction with IM faculty members in late afternoon.

Dr. Iyer also chaired a Round Table Discussion on "International Trends in Training and Development" organized jointly by JKL University and Indian Society for Training and Development.

The visit and interactions with students and colleagues were coordinated by Dr. Amit Jain, Faculty-IM.

Visit of Prof. Bruce E Seely, MTU, USA

Prof. Dr. Bruce E Seely, Dean, College of Science and Arts, Michigan Tech, University, Houghton USA, visited the JK Lakshmipat University to explore the student co-operation, academic and research collaboration during December 9-12, 2014. He arrived in the evening of December 9, 2014.

Meeting with Dr. Bruce E. Seely in JKL University Vice Chancellor's Office

A meeting in honour of Prof. Seely was held in the office of Vice Chancellor - JKL University on December 10, 2014. Besides Dr. Seely, Dr. Devi Singh, Vice Chancellor JKL University, Dr. Anupam K Singh, Director, Institute of Engineering and Technology and Dr. S.K. Majumdar, Director, Institute of Management, attended the meeting to exploring possibilities of academic collaborations, Joint Research projects, Student exchange and co-operation and exploring (3+1+1) with Michigan Tech. University, USA.

In the afternoon Prof. Seely delivered a lecture on "Societal Implications on Nano-Science and Engineering". The lecture was attended by faculty members of IET and IM. After the lecture, Prof. Seely had a research Meeting with Dr. Sandeep Tomar (Chemistry), Dr. Sonal Jain (Computer Science & Engg.), Dr. Vipin Jain (Physics), Dr. Umesh Gupta (Mathematics) to explore possibilities of personal collaborations in their respective research areas.

Further to explore possibilities of Ph.D. supervision for faculty members of IET, a meeting was held in the morning of December 11, 2014 in MDC. Interested faculty members of different engineering departments attended the meeting. Prof. Seely extends his full support for such collaboration. He told that he would explore ways to enable JKL University faculty pursue the Doctoral degree from Michigan Tech. University, USA. In the afternoon, Prof. Seely visited the historical places of Jaipur city. He left for his onwards visit to Nepal on December 12, 2014.

Dr. Seely addressing the JKL University Fraternity

EML on Financial Literacy & Banking Products

The Institute of Engineering & Technology (IET) and "SAMRIDDHI", The Finance Club of Institute of Management (IM) jointly organised an Extra Mural

Lecture (EML) on 26th August, 2014 on the topic “Financial Literacy & Banking Products” which was addressed by Shri. M.P. Kothari, Chief Counsellor, DISHA Financial Literacy Centre, Jaipur, a Trust formed by the ICICI Bank Ltd. He was accompanied by Mr. Kedar Nath Verma, also a counsellor with DISHA. The EML was attended by the engineering & management students and faculty members from IET and IM. The programme was co-ordinated by Siddhant S. Chauhan, Student Co-ordinator, Samriddhi Finance Club (SFC), IM and supported by Prof. Divanshu Jain, Faculty-IET and Dr. Kapil Arora, Faculty-IM.

The event was scheduled in the afternoon in the IM Amphitheatre Hall started with the welcoming of the Guest with a floral bouquet presented by Dr. Sandeep Tomar, Co-ordinator EML and Faculty-IET. The profile of the guest was read out by Yash Pachchigar, BBA first year student and Comperer of the event.

Dr. Sandeep Tomar welcoming Mr. Kothari

Mr. Kothari, an ex-RBI Regional Director, started his presentation with a brief background of the DISHA Trust. According to him, with the stress upon Financial Literacy by RBI, most of the leading Banks in India have started similar initiatives in the field of Financial Literacy and awareness of banking products. He covered details about banking history in the country and gave an overview of the banking operations.

In his presentation, he covered various aspects about banking by individuals including the proper use of ATMs and Online Banking. He covered the basic security and operational aspects that one should know while visiting an ATM and withdrawing money. In case of the situation when a bank customer one is unable to withdraw money but the same is debited from the account or card

stuck in the ATM, he / she shouldn't panic. They should note down the time and date when the same happened and inform the relevant bank branch in case of any problem. He asked the audience to remain beware about the fraud activities by fraudsters such as email spoofing, phishing, misleading SMSs, link manipulation and forged banking websites. He also told about the banking ombudsman and his role and responsibilities.

Concluding his presentation, he informed the students that with the growth of banking in the country and the award of licences for starting Banks to private players by RBI, a large number of entry level positions would be available in the banking sector in the coming days. With the session being quite informative and full of practical examples, the students had good learning and were quite happy with the interaction.

Dr. Kapil Arora felicitating Mr. Kothari, ex-RBI Regional Director

In the end, students shared their feedback of the session with positive reviews. Mr. Kothari was honoured with a memento as a mark of remembrance by Dr. Kapil Arora, Faculty-IM and Advisor, Samriddhi Finance Club. The Vote of Thanks was given by Siddhant S. Chauhan, Student Co-ordinator, SFC-IM.

Workshop on Recent Trends in Web Technologies

Rebel India is an organization working to promote and provide online education to all. A workshop dealing with the entire basic web trends along with its advanced aspects was organized in JK Lakshmipat University, Jaipur on Sep. 11-13, 2014. The workshop was a three day session and was carried out by an avid learner and an eminent member of that org., Mr. Jitendra Joshi. The workshop was conducted in the supervision of Dr. Sonal Jain and Prof. Devendra Bhavsar.

The session started in the morning on September 11, 2014 and was organized exclusively for the 4th year students keeping it oriented more towards placements. Mr. Jitendra Joshi started the session and introduced himself to the batch. He briefed the gathering about the objective of the workshop and made them aware about the basic terminologies and topics they would be covering in the next 3 days. He started the workshop from a very basic level and continued to progress linearly. He then showed some glimpses of what the current market wants and how can we make ourselves to befit in the demand.

Post lunch, he strongly emphasized on the topics HTML5, CSS3, BOOTSTRAP, JQuery, PHP, Git, Yii Framework and interview questions. He motivated the students for learning such topics and engross deeply in it if one wanted to be good at Web Technologies. He, with his pedagogy of continuously involving practical implementation and relating everything to the real life usage, made the crowd indulge totally into his words.

Participants of Web Technologies Workshop

The second day started with the expert recapitulating the entire yesterday affair and very happy on getting a very positive response. After this quick recap, he started telling some more new concepts covering the defined outline. He paced up his approach as very less time was left and topics were quite detailed. The second day was accomplished with covering almost all the topics which were defined in outline.

The final day session commenced with the discussion on a completely new topic, new for almost every student, GitHub. He detailed its importance and explained its usage in synchronizing vast program files and data. He winded up the session by covering some

important interview questions and how one should approach for the same. All this stuff became a very enriching experience for students as the exuberance, after gaining the complete knowledge, could be noted on everyone's face. All the students requested Mr. Jitendra Joshi for a group photograph at the end so that a remembrance of this very valuable time could be treasured for lifetime.

Seminar on Study and Research in Germany

JK LakshmiPat University organized a seminar entitled 'Study and Research in Germany' on September 12, 2014. The seminar aimed at making students aware of the scholarships provided at different academic level and also about the culture and life in Germany. The seminar was facilitated by Mr. Apoorv Mahendru, Director (Marketing), DAAD (German Academic Exchange Service) and Ms. Aditei Gosavi, Senior Adviser, Public Relations and Communication, DAAD. The seminar was coordinated by Mr. Aditya Sharma and Mr. Sachin Gangwar and some student coordinators.

The event was formally inaugurated by Dr-Ing Anupam Singh, Director (IET) by Saraswati Vandana to invoke the blessings of Goddess Saraswati. Dr-Ing Anupam Singh welcomed the guests by presenting a bouquet. The anchors for the day were Shubhangi Jain and Anshul Gupta (B.Tech, 2nd year).

Mr. Apoorv Mahendru, briefing on DAAD

After inaugural session, Mr. Apoorv Mahendru along with Ms. Aditi Gosavi briefed the gathering about the objectives of DAAD and made them aware about the scholarships. He also strongly emphasized on the quality of education in Germany. He highlighted the various inventions made in Germany without which one cannot imagine his/her daily life. He then showed the

glimpses of some of the German Universities which had more than 3000 programmes for the students to offer. Further, he gave a rough idea of the expenses and part-time job amenities that students can cherish of. He later asked related questions and offered a token of appreciation to the quick repliers – Ms. Jyotsana Goyal & Mr. Zubin Pareek.

At the end of his presentation, there was an open-house discussion for the students as well as the faculty members to seek answers to their respective queries in which they participated enthusiastically.

To mark the presence of the guests, Dr-Ing Anupam Singh presented them with a memento, as a token of gratitude, on behalf of the JKL family. Mr. Apoorv Mahendru also presented him a gift as a token of respect. Finally, Mr. Aditya Sharma, the faculty coordinator of the seminar proposed the vote of thanks, thanking all those who contributed to the success of the seminar.

Workshop on Bridge Design, Fabrication and Testing

A workshop was organised on Bridge Design, Fabrication and Testing in coordination with Civil Simplified Organisation and was held during September 13-14, 2014.

Topics Covered included Introduction to Structural engineering and different types of bridges, The basic concepts involved in designing of different bridge, Structural Response of bridges to different types of moving loads, Load calculation in various truss using CAD model, Modelling/analysis of sample bridges, Designing and analysing the bridge using CAD model, Fabrication of a bridge and testing for the maximum load taken to measure efficiency, Bridge design issues arising during practical sessions, Case studies for better understanding of Bridge Design concepts.

Students of Civil Engineering engaged in fabricating and testing of bridges

Materials provided by the organization included Chart paper with grids, SAP 2000 software, Wooden sticks, Adhesives, Paper Cutter, Ruler, The materials provided by the organisation were of acceptable quality and quantity. Mr. Prabhakar Choudhary and Mr. Venkant were Trainers. Student Coordinators were Gaurav Suthar, Naman Sukhija and Shubham Nayak Jain. Er. Vinod Kumar Vishwakarma was Faculty Coordinator. Following Prizes were distributed:- BEST DESIGN: Shubham Jain and Sachin Gupta from JK Lakshmipat University; BEST INNOVATION: Denish Saini and Mukesh Saini from Deepshikha College, Jaipur and Isha Bhatt and Vanshika Bhradwaj from JK Lakshmipat University; and BEST FABRICATION: Chetan Mathur, Avinash Godara and Gourav Suthar from JKL and Gajendra Vyas and Divakar Singh from JKL.

The workshop was very successful and students were able to learn many new things about the bridges and bridge designing which may help them in future growth prospects.

Workshop on Industrial Automation

As part of the Engineer's Day celebrations, a Workshop was conducted by Er. K.L. Swami, Head-Automation, Sofcon India Pvt. Ltd. in IET-Amphitheatre. Sixty five students participated in Automation workshop. Poster Presentation event was conducted and sixteen Posters were displayed at the entrance of IET office. This event was judged by Dr. Sandeep Tomar, Prof. Devendra Bhavsar, Prof. Mohneesh Sharma and Er. J.P. Sharma, Faculty-IET.

The event was organized successfully and left its imprints like flowing water embarks its impression on a pebbled shore. It gave an opportunity to everyone to learn about industrial needs.

Seminar on Oracle 11g

Kamlesh Sharma, an Oracle certified Database Expert, delivered a lecture entitled 'Oracle 11g' on September 18, 2014. The session was attended by all students of B.Tech.Computer Science & Engineering.

In the beginning, Prof. Gireesh Kumar, Faculty-IET introduced Kamlesh Sharma and his associate, Gaurav Vaishnav to the audience. This followed an insightful and educational lecture of Mr. Kamlesh Sharma aimed at facilitating the students to understand the fundamental

aspects of databases.

The lecture was ripe with experience as he went onto show how knowledge is not enough and why presenting that knowledge articulately is just as important. He touched upon the various fundamental principles of databases, simplified them and explained them. He further urged the audience to be ever receptive and engaged in the process of learning. The lectures were well appreciated by the audience.

3rd Praktikum 2014

Praktikum - the 3rd National Summer Internship Project presentation contest was organized by Institute of Management, JKLU on September 20, 2014. The contest provided an opportunity to budding professionals to showcase their learnings from their Summer Internship Projects. It was open to the students of Undergraduate and Post Graduate Management programmes who had completed their summer training during the academic year 2013-14.

Judges- Praktikum 2014

The contest was inaugurated by jury members – Shri Jitendra Mande, AVP – National Engineering Industries (NBC Bearings); Shri Abhishek Kumar, Head Talent Acquisition – Aircel and Ms. Sandhya Suri, HR Head – Bothra Shipping Group, with lighting of holy lamp and invoking blessings of Goddess Saraswati. Welcome address was delivered by Dr. S.K. Majumdar, Director – IM, JKLU. In his address he highlighted the significance of industry-academia interconnect and emphasized that events like Praktikum provide an apt platform to achieve this. Post this a short video film on JKLU was showcased. The contest was then open for presentation. Every student was given 8 minutes for making the presentation and 2 minutes for Q & A round. Winner of the contest was Nayan Agrawal from IM, JKLU while Runner Up position was shared between Himanshu Solanki and Joohi Shrivastava, both from IM, JKLU. Winner was awarded

with a cash prize of INR 10000 while Runners Up shared the cash prize of INR 7500. A Certificate of Appreciation was provided to all the participants.

The contest witnessed participation from institutes, such as Institute of Rural Management (IRMA), Anand; Prestige Institute of Management and Research, Indore; Jaipuria Institute of Management, Jaipur; Amity Global Business School, Indore; and JK Lakshmipat University, Jaipur. The organizations where participants had done their summer internships included Aircel, Umag Dairies, Crompton Greaves, Charbhuj Cement, Eicher Motors, BK Tires and Hindustan Times.

Winners of Praktikum-2014

Dr. S.K. Majumdar presented mementoes to the jury members. Vote of thanks was proposed by Dr. Ashwini Sharma, Faculty Coordinator of the event. Master of the Ceremony was Aditya Awasthi, Student-IM, JKLU.

4th India Intelligence Contest

A National Quiz Contest named India Intelligence Contest was organized by JK Lakshmipat University, Jaipur on 1st November 2014. Held in the spectacular amphitheatre of the University, the event was a mixture of adventure, curiosity, excitement and competition. The contestants were divided into two categories – the graduating students, and students of 11th and 12th standard. The Master of Ceremonies on this occasion were Siva Sambhav and Shubhangi Jain, the students of B. Tech. programme of the University.

Ms Jayshree Periwal, Director, Step by Step Group of Institutions

The contest started with prayer of goddess Saraswati. The welcome address was delivered by Dr. Anupam K Singh, Director, Institute of Engineering & Technology. This was followed by a brief introduction of JK Lakshmipat University. Following this, Dr. Jaya Gupta, Coordinator, 4th India Intelligent Contest shared the journey of success of the contest. 1st India Intelligence Contest was held on 11th February, 2012 and thereafter each year it was organized with full enthusiasm. After this brief introduction of IIC-2014, Ms Jayshree Periwal, Director, Step by Step group of institutions, the Chief Guest of the event addressed the participants, wherein she emphasized on the importance of such quiz contests to gauge the intelligence quotient of students. Prof. Chandra Mohan Singh briefed the contestants about the pattern of the contest. He also acquainted the gathering about the rules and regulations of the quiz to be followed.

The quiz was divided into several rounds. After the Preliminary and Qualifier rounds, there were Pre-final and Final rounds. In each of these rounds students were quizzed on various subjects. Some of the most exciting rounds were Memory Round, Visual Round, Rapid-Fire Round, Buzzer Round, Do-or-Die Round and Identify-and-Discover round. The students of B.Tech., BBA and MBA programmes of JKLU conducted the quiz with youthful enthusiasm and spontaneity. They set the contest in motion by putting the contestants through the rigour testing their alertness of mind and alacrity of response. Amidst resounding cheers by the audience, the contestants went on to scale the challenge and pushed themselves in a bid to clinch the coveted positions. With enthusiasm, exuberance and zeal they kept goading in pursuit of the luring awards of Rs. 11,000/- and Rs. 5,000/- for the winner and runner up positions respectively for Under-graduating Students and the students of 11th and 12th standard.

Quizzed throughout the morning and well into the afternoon, the stage was set for a grand finale in late hours of the day. Finally, the deserving winners came through as the team from Birla Institute of Technology, Mesra (Jaipur Centre), who grabbed the first position, the cash prize of Rs.11,000/- and the 4th India Intelligence Contest Trophy. The team from University Maharaja College, Jaipur clinched the runner-up trophy and were given a cash prize of Rs. 5,000.

Participant Teams of India Intelligence Contest - 2014

In the school category, it was team from Spring Fields, Jaipur that won the prestigious trophy of Winners and Runner up both and a cash prize of Rs. 11,000/- and Rs. 5,000/-. The prizes and trophies to the winners were given away by Dr. Anupam K. Singh and Dr. Swapan Kumar Majumdar, the Directors of the Institutes of Engineering and Technology and the Institute of Management respectively in the Valedictory Session. Besides the winners and runners-up in both the categories, certificates of participation were given to all other contestants by organizing committee members of the contest as all these contestants also fought through the various rounds of the thrilling contest. Dr. Jaya Gupta, Prof. Yogesh Rohilla, Prof. Vinod Vishwakarma, Prof. Chandramohan and Prof. Narayan Sahoo the coordinators-IIC-2014, the student volunteers, as well as other JK Lakshmipat University faculty members also joined this valedictory session and prize distribution ceremony.

Following this, Dr. Swapan Kumar Majumdar addressed the gathering in which he congratulated all the participants for enthusiastic participation. He also highlighted the fact that it was the spirit of participation and competition is more important than winning or losing the contest and encouraged the students to maintain this spirit throughout their life. Enlarging the horizon of the knowledge shall be considered as gain in such events. The Valedictory Session ended with the Vote of Thanks by Prof. Yogesh Rohilla, Coordinators, 4th India Intelligence Contest.

EML on Current Trends in Networking

JKLU Cisco Networking Academy organised an Extra Mural Lecture on November 14, 2014 on Current Trends in networking. The speaker for the lecture was Mr. Bhupender Singh who was working with ZNETLIVE, which

had specialized in Web Hosting, Virtual Private Servers, E-mail Configurations, and Cloud Computing etc.

In his lecture Mr. Bhupender discussed current technologies in the market. He also introduced students to some of the certified courses in the field. Various technologies that are currently being used in IT field like cloud computing, web hosting, E-mail configurations, were discussed in this lecture. He shared his own experiences in his field of E-mail configurations. He guided students about various fields in which they can build up their career. He also said that their organization would provide placement opportunities in coming future.

Faculty Coordinator Mr. Devendra Bhavsar presented a memento to Mr. Bhupender Singh.

Prof. Devendra Bhavsar facilitating Mr. Bhupender Singh, ZNETLIVE, Facilitator

Workshop on Computational Fluid Dynamics

The workshop began on September 27, 2014 morning with the welcome of the guest and after that a small introduction to the workshop was given by faculty coordinator, Mohd. Nadim Shams.

The workshop started with the introduction to basic fluid mechanics by the Trainees so as to make the class interactive. There they provided some boundary layer examples, conditions of boundary layer, Slip condition etc. then they took example of thermal boundary layer Reynolds Number and its effect on the type of flow.

After all this, a general introduction on the Prandtl number, Nusselt number were given by the Trainees. After that introduction to three governing equations was given which govern all type of flow or which can be applied in any kind of problem related to CFD.

Then introduction to CFD was made and its three component were described i.e. Pre-processing, Solver,

Post Solver. Then some mathematics terms were solved and derived e.g. Discretisation method. Quality of mesh was also explained in the theoretical class. After that the lab session was held in which the participants worked on many daily used problem firstly on internal flow in pipe, then external flow over a flat plate, cylinder and finally an aerofoil and then compared the result of all.

On the second day, the Trainer continued with the Governing equation in the theoretical class. After that they introduced the students to two different type of approach to solve a problem the approach being Euler's and Lagrangian approach. After that three Governing equation were derived using Taylor's series equation being continuity equation (conservation of mass), Momentum equation (Navier-Stokes law) and finally Energy equation.

Thereafter, a general introduction of turbulence and heat transfer was given. Different ways were explained on how to extract turbulence methods being DNS, LES and RANS Model.

Participants of Fluid Dynamics Workshop

Workshop on Design Techniques

A one day workshop in "Design Techniques using Verilog & Xilinx FPGA" was conducted on October 31, 2014 with the help of DKOP Labs Pvt. Ltd., Noida. The expert from DKOP talked on the overview of VLSI design flow of Digital circuits. He gave the brief idea about Verilog HDL (Hardware Description Language). He described how to write Verilog code by taking the help of selected examples on Xilinx's ISE Tool. At the end, Demonstration was given by implementing the design in FPGA kit.

Seminar on Game Development

A Seminar on Game Development using Unity game engine and others was organized at the JK Lakshmipat University on September 17, 2014 by one of the leading groups of the market "MIND BOX". The Keynote Speakers were Mr. Munish Gaur (Technical Head) and Mr. Kapil Mittal (Sales Executive) of MIND BOX.

The session was carried out quite eloquently as well as

interactively by the speaker. The session was conducted in the supervision of Prof. Gireesh Kumar, the Faculty Coordinator.

The talk was aimed at enriching a student with various perspectives of this field and other modules and areas covering briefly about the entire Genre. Mr. Gaur took the charge from very starting and commenced the session by showing some very alluring gaming videos, which certainly lured everyone's mind.

He briefed the gathering about the objectives of this small talk and made them aware about the basic concepts underlying the Game development using Unity game engine. He also strongly emphasized on opting this field and the 2-day workshop as it is one of the most prevailing areas of development and the workshop would be enough for an effective kick start.

He then showed some glimpses of aspects of this gaming field for which the maximum recruitments are done and segregated them as Art, programmer and Tester. He also discussed the challenges of a game and how game development can be proven as an aid in other areas such as simulation training, medical simulation etc.

Workshop on Android Mobile Application Development

A workshop was organized on November 2-3, 2014 in order to promote the development of Android applications and to give a holistic insight to opt this field as a career options. The workshop was organized by 'Technophilia Systems', the Indian Leader in the field of Educational Robotics, Virtualization and Web Developments.

Participants of Mobile App Development Workshop

The 2-Day workshop was appended by a competition, in order to shortlist 5 candidates for appearing in the online competition conducted by RCAi-USA & Technophilia Systems. After the successful accomplishment of this 2-day run, B. Tech. students Kshitiz Kedia, Apoorva Kedia, Kumkum Gupta, Samyak Jain and Aayush Somani were selected and awarded the certificate of Merit.

Workshop on Mobile Computing

Two full day hands on workshop on Mobile Computing was conducted on November 21-22, 2014 by Prof. Vijay Ukani, Nirma University, Ahmedabad. He discussed mobile communication, mobile hardware, and mobile software, Communication issues like adhoc and infrastructure networks as well as communication properties, protocols, data formats and concrete technologies. B.Tech. CSE Sem VII and B.Tech. ECE Sem VII Students attended the workshop. The workshop was coordinated by Prof. Sameer Singh Chauhan and Dr. Sonal Jain.

Webcast based live Expert Lecture from FICCI Auditorium, New Delhi

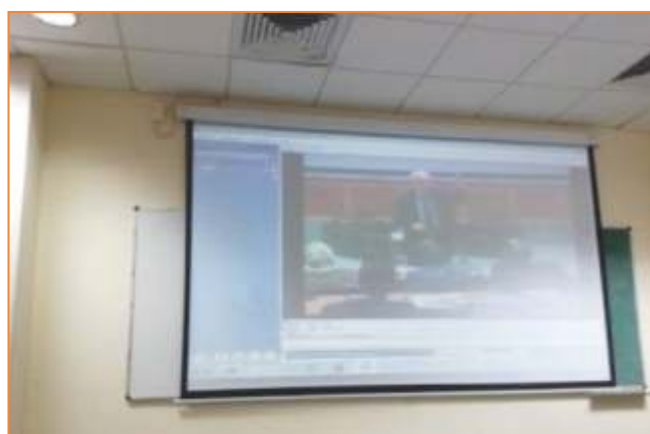

A live webcast of expert lecture by Prof. Wayne Brockbank, Professor, Ross School, University of Michigan and also HR Guru, Researcher, Strategist & Consultant of global repute was scheduled in IM Amphi theatre on November 22, 2014.

Dr. Wayne Brockbank, The RBL Group

Dr. Wayne Brockbank is the first partner emeritus of The RBL Group. Professor Brockbank has made significant contributions as a Clinical Professor of Business at the Ross School of Business at the University of Michigan, and as a consultant and executive educator at The RBL Group. Wayne's research, consulting and teaching made important contributions to strategic human resource management strategy and implementation, and international business.

As a researcher, he co-authored four ground breaking books: Competencies for the New HR (2003), HR Value Proposition (2005), HR Competencies (2007) and HR Transformation (2009). These books were based on the 20 year long research project on HR Competencies. He has also published significant articles in Human Resource Management Journal, Human Resource Planning, Harvard Business Review and Personnel Administrator and has contributed numerous book chapters.

Live Feed from FICCI Auditorium, New Delhi

The live feed for the Webcast was taken from the FICCI Auditorium at New Delhi. For this purpose, nearly 20 students and faculty members including the Director-IM, Dr. S.K. Majumdar went to New Delhi to make the necessary arrangements for the proper holding of the Lecture. The remaining students and faculty members were at the University to attend the live Webcast of the same.

Audience in JKLU Campus at the Webcast

Nearly 45 students and faculty members attended the Webcast at the Amphitheatre Hall. It was good learning for them as Prof. Wayne Brockbank covered the area of HR Competencies and discussed HR strategies for the growth and turn-around of the firms with leading examples.

The webcast was adequately supported by Mr. Vikrant and Mr. Mahendra from IT Section of the University. The Webcast event at the University was co-ordinated by Dr. Kapil Arora, Faculty-IM.

STRENGTHENING ACADEMIA INDUSTRY INTERACTION

4th National HR Summit 2014

The 4th National HR Summit on "Skilling, Succeeding & Sustaining: Future Ready Workforce" was organized by JK LakshmiPat University on October 11, 2014. The key human capital concern i.e. developing the right skill and its sustenance for success was addressed. The theme of the Summit was a thoughtful initiation towards unfolding the issues and concerns faced by industry when it comes to hiring fresh graduates. Experts from industry were invited to share their knowledge and experiences and have meaningful deliberations on the theme.

Inaugural Ceremony of HR Summit-2014

The Summit was inaugurated with lighting of the holy lamp and invoking blessings of Goddess Saraswati. Dr. Devi Singh, Hon'ble VC, JKLU delivered the welcome address. He stated that success is not constant; it's "shifting of poles". Growth of organization and employees are interdependent and emphasized on being flexible and adaptable in order to pace up with the changing world. He stated that "Best business is built around best people".

Dr. Upasana Singh, Faculty-IM and Coordinator of HR Summit, introduced the theme of the Summit to the audience. In her address, she said that with changing times the fundamental relationship between degree and job has been flawed. For producing corporate compatible employable resource there should be perennial interdependence and interaction between industry and academia. She emphasized that skilling, succeeding and sustaining are interdependent.

The keynote address was delivered by Chief Guest Capt. B. B. Sinha, Director, P&A, Shipping Corporation of India. He stated that we should continuously update our skills to keep pace with the fast changing world. He laid emphasis on improving the culture and theory taught to students to make them industry ready and remarked that, "A skills may be good today, but may not be good tomorrow".

Dr. S.K. Majumdar, Director-IM addressed the gathering and raised few thought provoking questions. Why skilling is important? Why succeeding is questioned? Is there a problem in sustaining? He added the effect of growing population in India and how it could be used as an asset. The Inaugural session came to an end with vote of thanks proposed by Dr Richa Mishra, Faculty-IM and Co coordinator of HR Summit.

Participants of HR Summit- 2014

The theme of first Plenary Session was "Competency Targets for Employability: An Industry Perspective". The session was chaired by Mr. Dilep Misra, President & Head Corporate HR, JKO. He stated that it is challenging for the industries to hire talent. Industry looks for the adaptability, fire in belly, learning attitude, self-motivation and creativity while hiring talent. The first speaker of the session, Mr. Sandeep Bhargava, Director-Corporate Affairs-India & SEAP Region, Microsoft Mobile Devices and Services (MMDS) Microsoft India, started that Industry looks for competencies. Industry hire fresher because they are inexpensive, moldable, adaptable and stay longer with organization.

Drawing from his experience he listed the skills which young graduates need to hone before entering the corporate corridors i.e. 360 degree knowledge, learning attitude, entrepreneurial mindset, communication skills, team work, negotiation skills, problem solving skills, leadership, time management, perseverance and honesty.

Mr. Sandeep Bhargava, Director-Corporate Affairs-India & SEAP Region, Microsoft India

Mr. N. Rangnath, Chairman & MD, E I Technologies Pvt. Ltd., started by saying "I find the present youth with zeal and fire in the belly". He highlighted few skills necessary for the youth i.e. trust, values, role model, aspiration greater than ego, value for time and acceptance of failure. The third speaker of the session was Mr. Rajiv Bhargava, Sr. VP- HR, Learning and Development, HDFC. He mainly focused on the banking services and their expectations. This sector required the certification of NSIM or NSMF test. He concluded by giving a message to the students that "never join an industry which is not of your interest".

Mr. Rajiv Bhargava Sr. VP- HR, Learning and Development, HDFC

The theme of second plenary session was “Developing Skills: Actors and Actions”. The Session was chaired by Dr. Amit Jain, Associate Professor, Marketing, IM, JKL. He emphasized on learning the unlearning skills. The first speaker of the session, Dr. Ajay Pradhan, MD, CH2MHill shared his views on the theme by stating that people need to be programmed, as they form 70% of the infrastructure of the India. He emphasized on the need for change in the academic curriculum to develop contemporary skills to suit the shifting demand in the professions. The second speaker, Mr. Sujoy Basu, Head HR, ABC Consultants, focused on developing skills for sustenance and performance on job. He elaborated that on job skills are required to treat your people well, to convince your boss, to finish your job effectively and efficiently, to think differently.

Mr. Dilep Misra, President & Head Corporate HR, JKO delivering a talk

The theme for the third Plenary Session was “Effective Ways of Developing High Performing Employees”. The session was chaired by Dr. S. K Majumdar, Director-IM. He started the session with serving the recipe for developing high performing employees which includes people, process, systems and Leadership. It is only exceptional people and leaders which build outstanding organizations. The session further proceeded with the thought of the first speaker, Mr. Subhodeep Dutta, Corporate Strategy Head, Mancor Consulting. He deliberated on the drivers of change and “Need for

Innovation”. He explained the importance of innovation through example of Indigo aircraft USP of having “On Time”. He added “Elite performers thrive on pressure, they excel when the heat is turned up”. He emphasized by adding the statement, “Elite performers use competition to hone their skills and reinvent continuously” “They have great appetite for honest feedback and are relentless”.

The second speaker of the session Mr Kapil Mahajan, Head HR, Gravita India Ltd. focused on development of high performing employees. He emphasized on the role of mentors and seniors in building the competency. He concluded his speech with the note that “the competence differentiates the performers, and commitment sustains performance.”

The Summit came to an end with the vote of thanks proposed by Dr. Sonal Jain, Faculty-IET and co-coordinator of National HR Summit. The Summit had participation of students from the host and other institutions.

INDUSTRIAL VISITS

Industrial Visit to Ericsson, Jaipur

The industrial visit of 27 B.Tech. (Electronics and Communication Engineering) 7th Semester Students to Ericsson, Jaipur took place on August 1, 2014 under the guidance of Prof. Divanshu Jain and Dr. Rajesh Purohit from JKL and Ms. Garima Srivastava (HR) and Mr. Darpan Khatri from Ericsson.

The whole plant was divided into 4 major units: (1) Surface Mount Assembly Area, (2) Warehouse, (3) Module Area, and (4) Testing Area.

In the Surface mount area, they manufacture two types of PCBs i.e. single sided and double sided. These were made using SMA (Surface Mount Assembly) technology by the automatic soldering machine and after manufacturing these were tested for any faults manually using the aid of computer.

The Warehouse was the heart of the unit as it supplied the inventory to the remaining units. There were 200 crore inventories stored at a place with 4500 Pallet positions. Ericsson used KPI (Key Performance Indicator) for inventory management.

The next was Module Area where different components were manufactured. Module Area has 3 parts namely Core Area, RAU(Radio Array Unit) and

RUM (Radio Unit Manufacturing). Core area included the communication equipment related to MSC, BSC, Media Gateways and HLR. Minilinks, which is an important component of the base stations and is used to transfer signal to RAU is also manufactured. Its production was capacity based and named as 2P, 6P and 20P.

The next section manufactured microwave products. It commonly included RAU which is used in LOS (Line of Sight) communication.

The next section was the packing section where all the large equipment and products were packed and shipped to their respective required areas. The most important product which is manufactured is RBS. Its integral parts included (1) Digital Unit, (2) Radio Unit, (3) Power connection and filter, (4) PSU, (5) Support Alarm Unit, and (6) CU-control Unit.

By evening, the visit was over. The whole plant was well setup and systematically oriented. The instructors were very helpful in answering to the questions put up by students or faculty members.

Industrial Visit to 220KV Grid Sub-Stations, Jaipur

An Industrial Visit for B.Tech. (Electrical Engineering) 3rd, 5th and 7th Sem Students was organized at 220KV Grid Sub-Station, Kalwara, Near Mahindra SEZ, Jaipur on September 11, 2014. This Industrial visit provided real exposure of grid substation. This substation was covered under security areas declared by state government, Rajasthan and commissioned on April 1, 2010.

Aforesaid 220 KV Grid Substation was fed from 220 KV LILO point of Duni-Heerapura line and had 100 MVA power transformers. The students visited switching yard and control room where Lightning arrestors, Wave traps, isolators, SF6 Circuit Breakers, Power Transformer, Bus Arrangements, Fire Fighting equipments, etc. were briefly explained. The visit was co-ordinated by Er. Jagdish Prasad Sharma, Faculty-IET.

Industrial Visit to JK Lakshmi Cement Ltd., Sirohi

An Industrial visit for all the students of 2011, 2012, 2013 Batches of Electrical Engineering branch was

organized to JK Lakshmi Cement Ltd. Sirohi. It was a very great opportunity for all the students to visit a captive power plant located at JK Lakshmi Cement premises in Sirohi.

The main object of visit related to study and knowledge of coal to electricity generation. Visit was mainly focused on electrical department. Study of Switchyard, main plant, off site and coal handling plant were the main parts of a thermal power plant because it consists of generation, transmission, distribution, DC system. The visit was co-ordinated by Prof. Narayan Sahoo, Faculty-IET.

Industrial Visit to Mahindra World City, Jaipur

On October 9, 2014, an industrial visit to Mahindra World City (MWC) was organised by the University for B.Tech. Civil engineering Vth semester students who were accompanied by two faculties, Prof. Vinod Kumar Vishwakarma and Prof. Divanshu Jain.

The students reached Mahindra World city post lunch. Students were taken to the conference hall first for presentations on Sustainability, Green Buildings, etc. by the experts from Mahindra world City. Mr. Sanjay Jain, General Manager, MWC briefed the students about the Green Building. He also told them about Chillers, power supply management in a building, DG sets operation, and STP plant, etc. The students also visited the Mahindra World City layout and were told about the internal workings. Mr. Jain also answered the queries of the students.

Students of B.Tech (Civil Engineering)
Vth Sem in Mahindra World City, Jaipur

III PANORAMA OF EVENTS III

Independence Day

JK Lakshmipat University celebrated the 68th Independence day- the great and honored day of our nation-India, on 15th August, 2014.

The celebration started off with flag hoisting by Dr. S. K. Majumdar, Director-IM. His motivational address to the august gathering emphasized on the duty of every citizen to protect the integrity and sovereignty of the country. He remembered our leaders and martyrs, who sacrificed their lives for us, and advised the gathering to work together for the progress of India.

Post hoisting of flag and parade, a cultural programme was organized by the students of the University. The cultural programme was started with a speech titled "Aazzad Bharat" by Yash Jain, student-JKLU. This was followed by a patriotic song performance "VandeMattaram" by Abhishek Chakraborty, student-JKLU. Everybody was geared up and enthused for the momentous occasion.

Flag Hoisting at Independence Day

A poem titled "Solider" was recited by Rishabh Mishra. That defined the pains and sacrifices of a solider. This was followed by a poetry written by Abhishek Pratap Singh, Student-JKLU. The poem defined the history, present and future of India.

Prof. Ankit Yadav expressed his emotions for the nation through a patriotic poem, which highlighted the sacrifices of the patriots who laid down their lives in the freedom struggle.

Prof. Narayan Sahu shared his views on the achievement and success of independent India.

Lt. Col. S. Manohar, Deputy Registrar, JKLU, addressed

the gathering and said that before complaining about the Indian political and economic system, we have to think about the solutions. He also said that India would change, only ones everyone would try to change himself/herself.

Dr. S. K. Majumdar- Director, Institute of Management, motivated students to fulfill their responsivity towards the nation. He said that youngsters are the future of any nation, to make our India pride every student should put his/her maximum efforts in the growth of our nation.

At the end of the programme Yash Jain proposed words of thanks to everyone present at the occasion. Overall it was a day marked by promises to serve our nation. The student coordinator for the event was Ashrut Bharadwaj. Faculty coordinators for the event, Dr. Punam Mishra and Dr. Shahnawaz Khan, appreciated the efforts of students for their sincere contributions to make the celebration a patriotic and memorable one.

Teachers' Day

To pay the tribute to the remarkable Philosopher Dr. S. Radhakrishnan, on 5th September, the students of JKLU organized a cultural programme at IM amphitheatre to express their gratitude and respect for the teachers.

The event began with lighting the lamp and invoking blessings of Goddess Saraswati by Director-IM, Dr. S.K. Majumdar, Deputy Registrar- Col. S. Manohar, Dr. Punam Mishra and Prof. Divanshu Jain, Faculty Coordinators. This was followed by a short video to give the tribute to the teachers.

The students then requested faculty members to participate in various entertainment activities. The first game was lighting the candles. Six teachers were selected through lottery. The teachers actively participated in the game. The game depicted that how teachers enlighten the life of the students selflessly.

The second game was making the longest chain of safety pins. The game illustrated that the teacher in-builds strong chain of values and morals in the students. The third game was making the longest chains from the accessories the teachers had. Six teachers were selected randomly. The teachers enthusiastically

participated in the game and made it hilarious yet memorable game. The last game involved participation of all the faculty members. Each participant was given a sheet on which some numbers were written and the other side of the sheet had a ticket with some numbers. The participants had to match the numbers from the other side of the sheet and first two were the winners.

Teachers' Day, September 5, 2014

After this the students gave greeting cards to the teachers as a symbol of love. A short video was shown to the teachers to make them realize their importance and thank them for the guidance and support provided. To express the attachment towards teachers, a poem was recited by Himanshu Solanki.

The celebration was concluded with the profound words of wisdom and blessings by Director IM- Dr. S.K. Majumdar. The vote of thanks was proposed by Vishal Chhabra. The student coordinators for the event were Vishal Chhabra, Kavary Gupta, Utkarsh Jha, Nisha Singh, Isha Baokar, Harsha Heda and Megha Jain. Faculty coordinators for the event, Dr. Punam Mishra and Prof. Divanshu Jain, appreciated the efforts of student coordinators for their sincere contributions to make the celebration a memorable one.

Fresher's Day

To make the best start to the freshers, a Fresher's party was organised at the JK Lakshmipat University on August 23, 2014 with jovial smiles and high spirits. Fresher's party is all about making the best start to the new academic year. A time to create everlasting relationships among the seniors and their newly admitted juniors. The event is an indication of union among the students.

Inquisitive about campus life and conscious of the latest fashion trends, the fresher dressed their best on the

theme of the party, "Ball Dance & Masquerades". With pulsating ambience, flashing lights and foot tapping music, the party began with a Welcome song by Abhishek Chakarvarti. The excitement augmented to a joyful high when the Ramp walk began. Each fresher had to perform a ramp walk in front of the audience and the panel of judges: Dr. Fahim Ansari, Dr. Richa Sharma, Dr. Richa Mishra and Prof. Narayan Sahoo, who screened them for the crown of Mr. and Miss Fresher as well as for Mr. and Miss Talent.

Performance of JKL Senior batch for Freshers

As the mercury began to rise, the dance floor was left open for some unbridled energy. Joy and happiness could be seen in students of each and every course at the University. The event was marked with a number of remarkable performances. The senior students presented songs and dance to make this event memorable. The "Blue Moon Band", the band of college students - Ashrut Bharadward, Yash Kahndelwal, Tushar and Ved gave rocking performance in this event.

The students show their talent in "Talent show" round. Ten students participated in this event. This event was designed for freshers to showcase their talents and to identify Mr. Talent and Miss Talent. The final round for selection of Mr. Fresher and Miss Fresher is the "Questionnaire round". Six students were shortlisted for this round. In this round contestants had to prove their presence of mind and confidence to not only to give correct answers but also to communicate these properly and effectively.

Finally result announced for Mr. and Miss Fresher, Mr. and Miss Theme, along with Mr. and Miss Talent. The winners were Mr. Fresher- Aditya Shukla, Miss Fresher- Nishtha Jain, Mr. Talent- Shivam Sharma, Miss Talent- Anjali Paliwal, Mr. Theme- Sahil Sawariya, and Miss Talent- Sakshi Agrawal. The prizes were distributed by

Dr. Swapan Kumar Majumdar, Director-IM, Prof. Dr.-Ing Anupam Kumar Singh, Director-IET and event coordinators Prof. Love Jain, Dr. Punam Mishra, and Dr. Neha Sharma.

Mr and Miss Fresher JKL-2014

Lastly, the celebration plunged into loud music by the DJ as both seniors and juniors danced towards a beginning of a long fun-filled year. Student coordinators for the event were Rohan Khurana, Shivank Singh, Gourish Tikku and Munish Sharma.

Engineer's Day

Engineers are key figures in the material progress of the world. A world-class engineer, regardless of the job he is engaged in, is always considered an asset to the nation and the society; as it is he who makes a reality of the potential value of science by translating scientific knowledge into tools, resources, energy, and labour to bring science into the service of the country.

To recognize the great works done by our hard working engineers, each year 15th September is celebrated as Engineer's Day marking the birthday of Sir Mokshagundam Visvesvaraya, recognizing his contributions in the field of hydro energy in India.

Address of Director-IET on Engineers Day

JKLU celebrated the 47th Engineer's Day on September 15, 2014 in IET Amphitheatre followed by a workshop on industrial automation in association with Sofcon India Pvt. Ltd (ISO 9001-2008 certified) and poster presentation event. The function was presided over by Prof. Dr.-Ing. Anupam K. Singh, Director-IET. The function was coordinated by Prof. Aditya Sharma, Prof. Mohneesh Sharma and Er. Jagdish Prasad Sharma, Faculty-IET.

On this occasion Dr. R. Venkateswaran, IAS, Commissioner, Department Enquiries, Government of Rajasthan, Jaipur was present as chief guest and Er. Sunil Singh Gangwar, Superintendent Engineer (Electrical), RIICO Jaipur as guest of honour.

Guest of Honor, Dr. R. Venkateswaran, IAS, Commissioner, Government of Rajasthan, Jaipur

Both guests have presented their perception on 47th Engineer's day theme 2014 "Making Indian Engineering World-Class". They stressed upon skill development for making Indian Engineers World Class. Achieving this excellence is a journey that needs considerable effort. It also requires a transition from a reactive, compliance-based approach to a proactive, contributory and value-add mindset to create an environment of sustained operational progress. Over the long-term, world-class engineers will create a set of approaches and best-practices that will improve tomorrow's world, create long-term value, and institutionalize business sustainability.

Vishwakarma Jayanti

On the occasion of Vishwakarma Jayanti, a Puja was organised by JK Lakshmi Pat University on September 17, 2014. The Puja was held in the new engineering lab block. Dr. Devi Singh, Hon'ble VC, JKLU, Dr. Anupam K. Singh, Director IET-JKLU, Dr. Swapan Kumar Majumdar, Director IM-JKLU, Faculties, staff and students were present.

Vishwakarma Puja is a festival dedicated to Lord Vishwakarma. He is highly regarded as the Patron God of all workers and professionals. It is believed that it was he who revealed the mysteries of sciences of the industry to mankind and therefore, is revered as the supreme worker with excellence in craftsmanship.

Puja and Yagna at Vishwamakarma Jayanti

The puja and Yagna was continued for two hours. All employees came together to be a part of the Puja and the full premises of the JKL University came alive with the celebrations. Apart from this, each professional's respective tools were also worshipped in Vishwakarma's name and blessings are sought for a better future, safe working environment, and success in their respective fields. The tools which were worshipped in His name weren't put to work on this day and all work remains closed.

The programme came to an end with the Prasad (offerings) was distributed among all the people. The puja was coordinated by Faculty Coordinator Prof. Ramkumar Agrwal and Technician Ramesh kumar Sharma. Student volunteers included Siva Sambhav, Mandava and Mohit Gupta.

National Unity Day

JK LakshmiPat University celebrated "Rashtriya Ekta Divas" Day on 139th birth anniversary of the first Home Minister of the country Sardar Vallabhbhai Patel and organized "Run For Unity" event.

Event started with gathering of students, early morning in the central lawn of the university. 101 boys, 15 girls and 17 faculty members were registered for the event. Director IM, Dr. S.K Majumdar addressed the gathering and lead the pledge. Col. S. Manohar recited the rules of the run for unity and announced the prize money for

winners i.e. student participants- 1st prize Rs. 1000, 2nd prize Rs. 750 & 3rd prize Rs. 500 as well as for faculty members 1st prize of Rs. 1500 was announced.

Run For Unity

Flagging off for run for unity was done by Director IET Dr. Anupam K. Singh and Director IM, Dr. S.K Majumdar and participants ran with lot of enthusiasm.

After the conclusion of Run for Unity, cultural Programme held in IM amphitheater which was anchored by Rishabh Mishra. Saba (B.Tech. first year student) presented life sketch of SardarVallabhbhai Patel. The gathering was addressed by Mr. Sanjay Kumar followed by Motivational speech of Director IET Dr. Anupam K. Singh and Director IM Dr. S.K. Majumdar.

Vote of thanks was given by Col. S. Manohar. He also awarded the prize to students. In student boy's category, Surender Singh stood first and in girl's category, Chandrika Singh won. In faculty members, Er. Sachin Gangwar and Dr. Richa Sharma won the race in their respective category. Event ended with a round of applause.

The event was coordinated successfully, by efforts of Registrar Col. S. Manohar, faculty and sports coordinator Er. Devendra Bhavsar, student coordinator Mr. Deepak Soni.

Registration counter and faculty members before Run For Unity

Health Checkup Camp

The Community Development Committee of JKLU in association with Blue Circle Medi Services Pvt Ltd. organized a Health checkup Camp at JK Lakshmipat Campus from November 3-6, 2014. A Six member team including medical professionals and office bearers of the Blue Circle Medi Services Pvt Ltd. visited the campus.

Student Health Checkup

In Health checkup camp the general screening of Health was done. It includes physical checkup, BP, HR, BMI, HT, WT, Systemic examination of health, Visual acuity, Dental checkup, Fitness/cardio test.

Students, faculty and staff members enthusiastically participated in the camp. The camp was successfully ended on November 6, 2014. 4:00 pm and resulted in the Health checkup of more than 325 Candidates. The event was coordinated by Prof. Divanshu Jain, Assistant Professor - IET and Dr. Upasana Singh, Assistant Professor - IM of JKLU.

Faculty & Family Health Checkup

Blood Donation Camp

The Community Development Committee of JKLU in association with Blue Circle Medi Services Pvt Ltd. and Life Care organized a Blood Donation Camp at JK Lakshmipat Campus on November 6, 2014. A seven member team including medical professionals and office bearers of the Life Care visited the campus. Students, faculty and staff members enthusiastically participated in the camp.

Blood Donation Camp

A preliminary medical checkup of donors prior to blood donation was conducted to ensure their fitness and proper collection of blood. The donors were offered coffee, namkeen, biscuits and bananas after blood donation to maintain their physical efficiency. The camp resulted in the collection of 72 units of blood. On successful completion of the event, the office bearers of Blue Circle Medi Services Pvt Ltd. and Life Care promised to present a certificate to JK Lakshmipat University and donor cards to individual donors on a later date. The event was coordinated by Prof. Divanshu Jain, Assistant Professor - IET and Dr. Upasana Singh, Assistant Professor - IM of JKLU.

How to Crack Engineering Entrance Exam...

To choose Engineering career in India has become quite pervasive but to get it done from an institute of repute is still a hard nut to crack. EEE (Engineering Entrance Exam) needs dedicated subject preparation, timely answering of questions during exam, and so on. To meet these objectives, a one day seminar on "How to Crack Engineering Entrance Exam..." was organized at JK Lakshmipat University campus on November 15, 2014. The seminar was attended by 150 students of XII standard from various schools of Jaipur city. It was an

enriching and eye opening experience for all of us. The aspirants felt more confident and enlightened after attending the seminar.

Dr. Devi Singh, VC, JKLU Addressing audience

The seminar started with the lighting of lamp followed by the Saraswati Vandana in the presence of the guests. Dr. Anupam K. Singh, Director-IET delivered the welcome address. Prof. Singh, in his address, talked about the purpose of organizing this seminar for engineering aspirant students. Dr Devi Singh, Vice Chancellor, JK Lakshmipat University delivered the inaugural address. Dr Singh described the purpose of Engineering education is not for industries only, it is for society overall. Dr Singh highlighted the JKLU vision and value system of 'Education for Life'.

Mr. Bhargava, the faculty of FIIT-JEE, Jaipur

There were three sessions in the seminar related to get success, mathematics and time management. Mr. Bhargava, the faculty of FIIT-JEE, Jaipur, started his deliberation by letting students conceive the difference between the ordinary Board Examinations and the EEE. During his session, he categorized the intelligence of the students based in IQ scores. He concluded the session with a very modest suggestion that 'Consolidate your notes, everyday'.

Mr. Alok Singh, Faculty, Career point delivering talk to Participants

In the second session, Mr. Alok Singh, the faculty of Career point, took the charge as a spokesperson and introduced himself to the audience. In his motivational set of words, he stated that achievement of success can be very easily made by comprehending the vitality of six mantras, i.e. Early Start, Right Guidance, Smart Hard Work, Logical Approach & Self-centered, Dedication & discipline and Planning & Execution. He, in his words cited various humorous examples of 3-idiot, Sachin Tendulkar, Chanakya, Milkha Singh etc.

After the alluring session of Mr. Alok Singh, Dr Jaiveer Singh, Director-MGEC Jaipur, enlightened the students' unique style of thinking and execution. He described the passion of achieving success as 'Junoon' and 'KuchKarneki'. He also illustrated his idea to students using a case of Linear Programming Problem. He also emphasized of the importance of focus and determination and that no one should hinder from his target. Finally he rest his words by giving his Master Key among students i.e. IMPROVE YOUR THINKING STYLE.

Dr. Umesh Gupta presented report on the day long activities. The enthusiasm among students after attending the high octane seminar was visible. On behalf of IET- JK Lakshmipat University, Dr. Richa Sharma proposed the vote of thanks expressing her gratitude to all the dignitaries, faculty colleagues, student coordinators as volunteers and the participants who contributed in making the event successful. The participating students appeared to have attained the tips and wisdom to crack the EEE, because their feedback on the quality of the event was encouraging. Thus objectives of the event were successfully accomplished.

How To Crack Management Entrance Test

Institute of Management, JK LakshmiPat University organized a half-day seminar for Management Programme aspirants on the theme “How To Crack Management Entrance Exam” on 15th November, 2014. Eminent speakers from leading test preparation institutes and experts in the domain like Mr. Vinay Modi, Centre Director PT Education and Mr. Rahul Gupta, Director PES (T.I.M.E.) in addition to Dr. S.K. Majumdar, Director-Institute of Management and Dr. Sanjay Kumar, Associate Professor- English interacted and guided the participants.

Welcome of Mr. Rahul Gupta, Director PES (T.I.M.E.) by Dr. S.K Majumdar

The event was inaugurated with lighting the lamp and invoking the blessings of Goddess Saraswati. The theme of the seminar was introduced by Dr. Amit Jain. He emphasized on the importance of Business Administration in today's business world. He talked about various admission tests for Management Programmes in India and abroad. He said that aspiration is the key of success.

Dr. S. K. Majumdar – Director, Institute of Management - JK LakshmiPat University extended the warm welcome to the delegates and participants. He shared his views on the theme that Master's in Business Administration (MBA) is a multidiscipline education. Management is the art of making things happen MBA teaches the art and science of doing things differently. He also laid importance on the education of girls. He said girls are the future of the Nation, India will be a developed country when the girls of India will be educated. Therefore to develop our nation, girls have to be given the center state, so we can assume a better tomorrow.

Mr. Vinay Modi -Centre Director PT Education, addressed the audience. He gave the answer to the

most important question that is reason behind the failure in management entrance exam i.e. according to him people don't have proper reason behind pursuing management. He said that sometimes students are not sure that why they want to be an MBA. He was very interactive with the audience and asked some stunning questions like what is the difference between man and animal. At the end he suggested the student to be aware of the current happenings and try to be a good communicator.

Mr. Vinay Modi, Centre Director PT Education addressing participants

Mr. Rahul Gupta - Director PES (T.I.M.E.), emphasized on importance of success in life. He said that goal should be clear for people who want to get success. He focused on the interrelationship among one's dreams and one's abilities, strength & weakness. He said that Management Programme aspirants should analyze and use their energy wisely to identify their talent. He said that don't worry too much about reasoning based questions and gave some tips topic wise like for Q.A. (Quantitative Aptitude): get on comfort level with figure problems; for D.I. (Data Interpretation): do more problems on charts & graphs manipulation questions; for V.A. (Verbal Aptitude): must have command over English language; and for L.R. (Logical Reason): you must develop interest with focus.

Dr. Sanjay Kumar Associate Professor- English Department, JKLU addressed the audience and enriched their vocabulary and language skills. He emphasized on developing strategies to excel in group discussion and personal interviews, which are essential part of all most all of the management admission tests. Dr. Amit Jain -seminar coordinator and Chairperson MBA Programme, proposed vote of thanks for the event and acknowledged the active participation of faculty, students, guests from industry and academia. The seminar had 100 participants from various Institutions across Rajasthan.

Computer Education Programme

The Community Development Committee of JKLU organized one day computer education program for students of Government School at nearby village, Laliya Ka Vas on November 20, 2014. The students of 6th, 7th & 8th standard along with their teachers participated in the programme. A team of student volunteers from JKLU taught the basics of computer which included functions of keys, input and output devices, paint and do calculations with the help of computer. The programme was held at IET, computer lab.

School Students learning Computers at JKLU

A short quiz was also organized to assess the students' involvement and interest in the subject. Questions related to computer were asked. Students were encouraged and rewarded with chocolate for every correct answer. The programme ended with lunch for school students and the teachers at mess. 18 students and 4 primary school teachers participated in the program. The Event was organized by Community Development Coordinators, Prof. Divanshu Jain and Dr. Upasana Singh with the support of student volunteers.

JKLU Students interacting with students of Government School

CULTURAL ROUNDUP

Tech Management Fest "SABRANG"-2014

The annual tech-fest of JK Lakshmipat University, "SABRANG" was inaugurated on November 17, 2014. The two day festival was a mix of cultural, technical & management events.

The event started with the welcome address of Dr. Devi Singh, Vice Chancellor-JKLU. In his address he stressed the importance of celebrating each other's success, bonding & grow with the teams. He said "Winning is not about winning an event or competition, but it's about having a strong will & facing all the challenges of life with courage".

The Chief Guest of the occasion Mr. Gopal Saini, former Indian middle distance runner and Ajruna Awardee inspired the gathering by sharing his life experience and journey in sports. He held the immense importance of strong will in achieving goals. The Guest of Honor, Mr. Pradeep Kumar, Deputy General Manager SBI,

Mr. Gopal Saini, former Indian middle distance runner and Ajruna Awardee

addressed the audience with request to eliminate the disparity between the people and help the needy person to grow.

The session proceeded with the address of Dr. S.K. Majumdar, Director-IM and Dr. Anupam Singh, Director-IET who shared their thought and perspective on the mega event of the University. Dr. Vipin Kumar Jain, Faculty-IET and coordinator of SABRANG, introduced the audience about the mega event. The inaugural

concluded with vote of thanks delivered by coordinator, Dr. Punam Mishra, Faculty-IM.

On 17th November, the first day of the festival, 11 events were organized in which students participated from various institutes in and around Jaipur. The events that were held on the day were C-debugging, Chitrakala, Management Quiz, Rangoli, Junkyard War, Anukriti, Kurushetra, Bhag Robo Bhag, Chakravayuh, AajaNachle. Students actively participated in all the events & revealed their talent. They also expressed their concerns towards various social issues through Rangoli and Chritakala, such as, save the girl child, women feticide, gender inequality, etc. The day ended with the stunning performance by rockstar - Ambili Menon.

Ambili Menon on stage during SABRANG 2014

The second day of the festival, 18th November, was power packed with 12 events to bring out the talent, energy, creativity, and knowledge of the students. The events were, Abhibyakti (Ad-making), Bulls & Bears (Virtual Share trading), Rang Manch (Skit), Yantra Samar, Achal (photography), Pratibha (talent hunt), Aaroh Avroh (singing competition), Swar Bandish (band competition), Paridhan (fashion show), etc. The special attraction for the day was the performance of DJ Amit Gupta from Kolkata, DJ Maddy & DJ Toastie.

Participants at SABRANG 2014

The festival came to an end with valedictory session, where the winners of various events were recognized with the awards and cash prizes. Out of approx. 40 participating institutions, the representative institutions which made the mark by winning the competition in two day festival were JK Lakshmipat University, Shri Balaji College, Manipal University, Maharani Girls Engineering College, Poddar Int. College, IIS University, Parishkar College, St. Xaviers College, Poornima University, IFCAI University. The maximum number of awards was bagged by the students of JK Lakshmipat University therefore overall trophy was conferred to JK Lakshmipat University. The valedictory session was concluded with vote of thanks delivered by coordinator, Er. Ankit Yadav, Lecturer, IET.

Prize Distribution at SABRANG 2014

SPORTS

JKLU Team at BOSM-2014

The JKLU Teams participated in National Sports Fest of Birla Institute of Technology and Science, Pilani. The teams participated in Volleyball and Table Tennis.

The Volleyball team could reach the Semi finals of the game. During league matches, they won over the Sobha Sariya College, Jaipur and got aa 'bye' due to opposite team not making it in time for the game. In Quarter finals, they defeated the hosts – BITS, Pilani. However, in

the Semis, they lost to YMCAG, Bangaluru. Manpreet Singh captained the team.

In Table Tennis (Girls singles), Ms. Apoorva Kedia and Deeksha Saini participated in the Table Tennis and both reached to semifinal round and got eliminated in semifinal. In Table Tennis (Girls Team), they reached to semifinal round by winning against JECRC, Jaipur and BITS, Hyderabad. However, in Semis, they lost to the home team of BITS, Pilani.

In Table Tennis (Boys Team), JKL University students participated under the captainship of Kshitiz Kedia with team members Shiva Johari, Yogesh Chaube, Samyak Jain and Manjot Singh. They won their first outing against BITS, Hyderabad but could not get victory against Subodh and MIRU and were eliminated.

In Table Tennis (Mix Team), two teams from JKL University participated. Kshitiz Kedia and Apoorva Kedia cleared two rounds and reached the semifinal. The second team of Samyak Jain and Deeksha Saini were eliminated in 2nd round.

Table Tennis team event (Boys)

SHARING VISION BEYOND BOUNDARIES

Awards, Honours and Achievements

Dr. Sheetal Mundra was conferred the Best Paper Award for her paper entitled "Inclusive Facet of Indian Growth: An Inter State Analysis", presented in Technical Session –I, Track-Promises & Challenges of 2025 and Beyond & Regional Challenges and Actions in the 3rd International Conference on "Growth, Globalization and Governance: Promises and Challenges 2025 and Beyond", organized by Institute of Management, JK Lakshmipat University, Jaipur during December 19-21, 2014.

Prof. Jagdish Sharma was conferred on the Best Paper Award for his paper entitled "Application of Solid State Fault Current Limiter on Express Feeder for Voltage Sag Mitigation" presented in 2014 IEEE International Conference on Computational Intelligence and Computing Research (ICCCIR) held during December 18-20, 2014 at Park College of Engineering and Technology, Kaniyur, Coimbatore, Tamil Nadu.

Foreign Visits and Paper Presentations Abroad

Dr. Amit Jain presented a paper entitled "Consumer Trust in Retail: Development of a Multiple item Scale" in the International Conference on Business, Marketing and Management (ICBMM) 2014, Hongkong during November 8-10, 2014.

Dr. Sonal Jain at ICCTD 2014, Hongkong

Dr. Sonal Jain presented a paper entitled "Exploring the Usage of Existing Plagiarism tools for Automated Student Assessment for Java Program" during 6th International Conference on Computer Technology and Development (ICCTD 2014) during November 7-9, 2014 at Hongkong,

Dr. Upasana Singh at GCMRM 2014, Australia

Dr. Upasana Singh presented a paper entitled "Multidimensional Trust and Positive Outcomes in Indian Manufacturing and Service Sector: A

Dr. Amit Jain at ICBMM 2014, Hongkong

Comparative Analysis” in the Global Conference on Managing in Recovering Markets, University of South Australia, Adelaide on November, 2014.

Dr. Kapil Arora presented a paper entitled “Impact of Bonus Issue Announcement on select IT Scrips in Indian Stock Market” in the World Finance and Banking Symposium, 2014 (WFBS 2014) organized by World Finance Conference Society, Portugal and Nanyang Business School, Nanyang Technological University, Singapore at Singapore during December 12-13, 2014.
