

Proper training

TIMES NEWS NETWORK

Youth needs to be properly trained to ensure that India's demographic dividend does not turn into demographic disaster, said former president Pranab Mukherjee during his address at The JK Lakshmipat University at Mahapura campus, Jaipur.

"India is one of the youngest nations in the world with 65% of the population under 35 years of age. To reap this demographic dividend, so that it does not become a demographic disaster, it is very important that youngsters are trained and educated properly," said Mukherjee who was conferred with the JKLU Laureate Award.
