Course: Perspectives on Contemporary Issues

MM: 30
Marks

Course Code: CC1103

Instructions: Attempt any 3 Questions.

- Q.1 Your government wants to benefit from the opportunities of globalization. The following actions are being considered: • build a new airport and other transport links • improve training in information technology • allow more people from abroad to live and work here. Which one of these actions would you recommend to the government, and why? 10

In your answer you should: • state your recommendation • give reasons to support your choice • use the material in the sources and/or any of your own ideas • consider different arguments and perspectives.

- Q.2 Global temperatures are high and will continue to rise for decades to come due to greenhouse gas emissions (GHGs) produced from human activity. Carbon emissions and climate change have major impacts on our ecosystems including air pollution; temperature extremes resulting in droughts and heatwaves; and rise in sea levels resulting in floods. Climate change also poses a major threat to human life causing threats to physical health and survival, food and water shortages, and loss of property, home, and way of life; with the most vulnerable in our society – like children, the elderly, and marginalized communities – often being the most at risk. 10

Explain how climate change impacts human rights?

- Q.3 Green technologies have emerged as a mainstream assortment of technologies which are considered environmentally friendly based on their ability to reduce carbon footprint via their interaction with the production process. 10

How can technology mitigate the impact of Climate Change? Substantiate your argument using examples of sustainable solutions and alternative mechanisms.

- Q.4 The current mode of Hyper-Globalization has expanded the reach of individuals to spaces far beyond their physical expanse. It has allowed for an exchange of not only materials but social values. 10

In your opinion, which Human Right has benefitted most from Globalization and one Human right which has shrunk due to it? Give reasons for your claims.
