- Moves on land bill get thumbs down

LOVELY PROFESSIONAL UNIVERSITY

## FOCUS

# JK LakshmiPat University A Great Future Ahead "Exploring Educational Excellence"

*Since the beginning of time, India had rich traditions of scholarly pursuits. The ancient universities of India attracted scholars and students from all over the world. Dominance of the English language led to the rise of reputed universities in Europe and USA.*

*India is now once again emerging as a leading center of higher education, benchmarked with world-class educational institutions. JK LakshmiPat University is making its presence felt in the advent of the new era.*

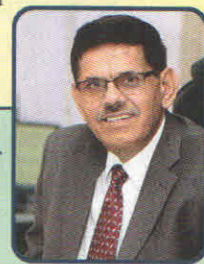

**"Turning knowledge into wisdom and information into workable ideas".**

It is with this profound philosophy of education, that the multi-discipline JK LakshmiPat University (JKLU) was established in Jaipur, the capital city of Rajasthan. It was started in the year 2011 to give students the cutting-edge of holistic learning and to develop promising youngsters into leaders of tomorrow with globally relevant, future-ready and actionable intelligence.

The University has an excellent infrastructure, a proper mix of experienced, young and dynamic faculty and a strong focus on placements for building the technocrats and leaders of tomorrow. The curriculum provides for

high weightage on internship to develop employable professionals with the cooperation of business and industries.

JKLU has been promoted by the JK Organisation, one of the leading industrial conglomerates of India with a rich heritage of more than 100 years through the LakshmiPat Singhania Education Foundation and other non-profit entities. The JK Organisation has been strongly committed to societal needs since a long time, particularly in the fields of education, healthcare, social welfare and infrastructure development both in rural and urban areas.

### About Dr. Devi Singh (Vice-Chancellor, JKLU)

*Before joining JKLU as Vice-Chancellor, Dr. Devi Singh had been The Director, Indian Institute of Management, Lucknow for ten years and is a well-known professor in the area of International Finance & Management. Before IIML, he was the Director of Management Development Institute (MDI) Gurgaon for four and half years. He is recognized as one of the top academic leaders in the country, known for his transformational capabilities.*

## Stani Memorial College of Engineering & Technology, Phagi-jaipur

### Stany Thomas Cangan

*Chief Executive Officer*

**SIIRM Consortium of Institutions**

*"The function of education is to teach one to think intensively and to think critically. Intelligence plus character – that is the goal of true education."*

With this idea in heart and in spirit, Stani Memorial College of Engineering & Technology (SMCET) was established in 2000 by the late Dr. Thomas Cangan and is one of the premier technical colleges of the state. It is recognized by the All India Council for Technical Education (AICTE) and is affiliated to the Rajasthan Technical University, Kota. The beautiful 120 acre, eco-friendly campus is surrounded by lush green fields. SMCET was recently ranked 3rd amongst the Top Power Engineering Colleges of Rajasthan.

The students are aided by the institute and guided to start-up a business of their own. The students are also encouraged to participate in workshops such as those conducted by Ministry of Micro Small and Medium Enterprises.

The institute has an excellent team of faculty members from the industrial as

well as academic fields. If the 8500 sq ft. Central library with DELNET and A/V room can't quench the thirst for learning, the high-speed, 24x7 Wi-fi enabled campus does.

The lecture halls have independent LCD projectors and internet connectivity. The 120 acre campus also houses an ATM, shopping complex, lake with boating, gymnasium, canteen, horse-riding, skating, swimming pool and separate playing fields for basketball, football, cricket etc. The institute has its own fleet of buses covering Jaipur.

The privileges of SConnect are extended to the parents so they can regularly monitor the progress of their wards. SMCET strives to ensure students transform not only into responsible and devoted professionals but also into individuals of character and tenacity.
